

Discovery Bible Group Facilitator Training

1

Identify

People in your relational network who are exploring faith, are new Christians or Christians who have drifted away.
The DAISY template is a great way to identify who is in your network. Keep this with your bible or journal and pray over it daily/weekly asking the Holy Spirit to give you opportunities to share.

2

Invite

Ask another Christian friend to co-facilitate and share the experience with you. This is how Jesus sent out his disciples!
Use the conversation cards in the kit as prompts for invitations. Remember to ask the Holy Spirit to work in your invitations.
